

July 6, 2023 Translation

Dear Truth Trackers, Inshes Church,

Hello. I am very glad to write to you again. My family and I are doing well. In my place, it is in the rainy season but it is sunny. How is the weather in your place? In my place, it rains and the weather is fine. How is the weather in your place? At my school, there are many activities. There are sports and music for example. On my holidays, I attend church and listen to the story of God. At home, I help to do the house works and look after the hens. During the school vacation, I went back home to my parents in Myanmar and helped them to work. I could play with friends and look after my pets. I attend project activities on Saturdays. There were music, agriculture, and caral activities. On Saturdays, the songs of God are taught. On Sundays, we attend church and worship God. Please pray for my family. May God bless you.

Love in Christ,

Hgon-glen-so
